

# Domestic Workers Home Training

---

Domestic Guardians now trains domestic workers in the comfort of your homes! Certificates can be issued to the trainees on the day; this is optional and all inclusive in the Training fee. Our Courses are not a one size fits all. This is because domestic workers themselves are different individuals, with distinct personalities, unique experiences and their learning aptitudes are not the same. Each of our Courses is made up of 3 Modules and we have several Training Options for each domestic worker.

1. For the Beginner who is new to domestic work, we recommend all **3 Modules** of that specific Course, which run over 3 days (1 Module per day).
2. For the domestic worker who is perhaps doing well in some areas and not performing up to standard in certain areas, we have **Specific Modules** you can choose from per Course that address that specific weakness or need.
3. We also have a 1 Day **Refresher Course** which is a combination of all 3 Modules of that particular Course. This is recommended for seasoned domestic workers, who perhaps have been working for a long while and are slacking off and have forgotten certain things or simply need motivation. It opens them up to new ideas of doing things, sharpens their skills and reminds them how valued and appreciated their work is. The Refresher Course is only available for Housekeeping and Life Skills and Childminding and First Aid Courses.

## 5 Benefits of Home Training your Domestic Worker!

1. Your domestic worker is trained at home from 9am to 2pm, there is no travel time offsite and this gives her enough time after training to attend to other duties.
2. Training is very relevant as time is spent on areas specific to your home and needs.
3. Training is more effective because of personalized interactions between trainer and trainee and the practical demonstrations done in your home with your own equipment and chemicals.
4. Help with duty rosters. Enjoy In House Expert Advice and Recommendations.
5. Your domestic worker is trained in a Language she understands! We have English, Zulu, Xhosa & Shona.

Please email [thembi@domesticguardians.co.za](mailto:thembi@domesticguardians.co.za) to request the Modules for the desired Course and a Quotation.
